- Wells

1 inch = 200 feet

0 400 800 1,600 Feet

Notes:

There are no dewatering systems on site. The site is internally drained. Surface water runnoff flows toward existing ponds.

All topsoil and overburden will be stripped and stockpiled as berms around the site.

Screening berms are allowed withing the 50 foot setback from property lines as mentioned in Chippewa County Siting and Development Standards.
