Basswood logs		13

Sale Area Description:

The boundaries of this sale are marked with red and blue paint lines. A Northern Hardwood stand that is approximately 125 acres will be thinned to maintain forest health. The eastern portion of the sale (approx. 12 acres) is an overstory removal to release advanced regeneration of oak, promote oak stump sprouts, and regenerate pockets of aspen.

An adjoining landowner has agreed to allow access between the timber sale and County Highway W. The logging contractor shall minimize damage to private access and make repairs to the landowner's satisfaction, if necessary.

Cutting Requirements:

Selection Harvest: Cut all trees marked with orange paint, including non-commercial trees marked with orange paint. Do not cut sale boundary trees that are marked with red or blue paint.

Overstory Removal Area: Cut all trees >1", except boundary trees marked with red or blue paint.

Special Conditions:

- This sale must be harvested under **FROZEN GROUND CONDITIONS.**
- All logging debris must remain within the sale boundaries and kept from wetlands, lakes and trails.
- All landing locations must be approved. All merchantable timber that is removed along landings or skid trails must be utilized and accounted for through mill slips or log scales.
- *Leave all snags (dead trees) unless they present a safety hazard. Use caution to limit the disturbance of Course Woody Debris (CWD) on the forest floor. (ie) down logs greater than 12 inches in diameter.*
- All hardwood logs, (except aspen) 10" or larger on the small end will be charged at the appropriate saw log stumpage rate.
